

Make a Nature Journal

First, gather your supplies.

- a hole punch
- 3 lunch-sized paper bags
- ribbon or yarn,
- and a pencil or pen

Next, fold each bag in half with the open part of the bag facing away from the fold. Using a hole punch, punch three holes along the fold of each bag.

*If you don't have small paper bags, you can use any sturdy paper or bag and cut to the size you want.

Next, lay the bags on top of each other and fold back up.

Using some yarn or ribbon, weave through the holes of all three bags.

*You can also use twist ties or make knots on each hole separately
