

# Design Your Own Scavenger Hunt!

## ART & NATURE

What shapes, patterns, or places do you love? Remember to look up, down, and all around, from the clouds to beneath your feet. You can Design a Nature Scavenger Hunt of your favorite shapes, patterns, colors, habitats, or create one that is super challenging. Once you've got it completed, share it with your friends and see what they can find. Maybe they'll make one for you!

Have fun and always ask an adult before you head outside.

### Directions:

1. Choose a theme: colors, shapes, textures or your favorite things.
2. Draw your hints in the large boxes.
3. You can write extra hints over the small boxes if needed.
4. Challenge a friend! Have fun outside.
