

# Disappearing Turtle Challenge

## STEM

Do you like to play hide and seek? Where are your favorite places to hide? Maybe behind a door or underneath a bed? Do you ever hide in plain sight? Many animals hide — or camouflage — in order to stay safe from predators or to hunt their prey.

### Directions:

This turtle needs your help disappearing into the background. Animals with the best camouflage often have the best chance for survival. In this case, survival means NOT BEING FOUND!

1. Find a great hiding spot inside your home. HINT: get creative and look up, down, and all around!
2. Cut out and decorate the turtle to blend in perfectly to its new surroundings.
3. Everyone hides their turtle and the last one found wins the survivor challenge!
