

Ice Ornaments

Make your own ornaments and decorate your outdoor space!

Step 1: Gather your materials

- Recycled containers
- Some greens
- Pine cones
- Berries
- Bird seed
- Beans
- Fruit
- Really anything you have!

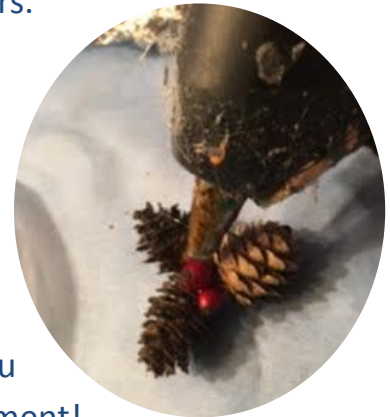

Step 2: Arrange Your Decoration

Take your materials that you have collected and arrange them in your containers.

You can even glue a few items together before adding them.

* Don't forget to add a piece of string tied with a loop so you will be able to hang your ornament!

Step 3: Add Water

Add water then place in your freezer (or outside). Let it sit at least overnight.

Step 4: Display!

The next day remove your ice ornament from its container. You might need to run a little warm water over the outside of your container to loosen it.

Then hang your beautiful artwork in your backyard!
